SUMMARY

Accomplished Junior React Native Developer with hands-on experience crafting high-performance, cross-platform mobile applications for Android using React Native and Expo. Proficient in Redux for robust state management, AsyncStorage for seamless data persistence, and Figma-to-code implementation ensuring pixel-perfect UI consistency. Expertise includes developing responsive components, smooth animations, navigation flows, and API integrations while optimizing app performance through rigorous debugging and testing. Delivered production-ready apps with a focus on user-centric design, code maintainability, and deployment via Expo EAS

EXPERIENCE

React Native Developer

ALDS (Aladinn Digital Solutions)

📅 06/2025 - 07/2026 📍 Jaipur, India

- Developed and maintained cross-platform mobile applications using React Native and Expo
- Collaborated with designers to prototype and iterate on mobile interfaces, maintaining design system consistency from wireframes to launch
- Translated UI/UX designs into responsive and interactive app screens using Tailwind CSS
- Conducted testing, debugging, and performance optimization to ensure smooth user experience
- Integrated RESTful APIs and handled asynchronous data using Axios/Fetch
- Implemented state management using Redux / Context API
- Managed Git workflows for version control, code reviews and using Expo tools

React Native Developer

Vue Nice Technology(Remote)

📅 01/2026 - Present

Working as a freelancer React Native developer, contributing to the development and enhancement of mobile applications. Developing responsive and user-friendly mobile interfaces using **React Native and Expo**. Collaborating with the development team to understand requirements, implement features, and deliver project milestones.

EDUCATION

B.Tech (Shri Bhawani Niketan Institute of Technology And Management)

Rajasthan Technical University, Kota

📅 2022 - 2026 📍 Jaipur, India

- Computer Science & Engineering

SKILLS

React	React Native	Expo	Tailwind CSS
API Integration	JavaScript	TypeScript	Git
GitHub	Redux	CSS	

PROJECTS

Phintex

- Developed a cross-platform e-commerce app using React Native and Expo, featuring product browsing, cart management with Redux state, and smooth checkout flows. Optimized UI for pixel-perfect Figma designs and integrated secure payment APIs

Abhushan Karigar

- Built a jewelry artisan platform app with React Native, focusing on artisan profiles, inventory showcase, and order tracking. Implemented AsyncStorage for offline access and custom animations for engaging user navigation

Rentee

- Created a rental service mobile app using React Native and Redux, enabling cars listings, search filters, and booking workflows. Ensured responsive design across devices with Expo deployment and performance tuning

Dail-it

- A business search app using React Native, allowing users to discover multiple businesses by location, view detailed descriptions, and access maps/contacts. Integrated Redux for search state management and location services for real-time results

LANGUAGES

Hindi	Native or Bilingual Proficiency
English	Professional Working Proficiency

INTERESTS

- 🚀 Exploring new mobile app technologies and frameworks. UI/UX design and creating seamless user experiences. Experimenting with animations and interactive app features.
